

# TABLE OF CONTENTS

FOREWORD .....	3	CHAPTER	
TABLE OF CONTENTS .....	4	VI BLOCK DEVELOPMENT STUDY .....	47
LIST OF ILLUSTRATIONS .....	4	Census and Population Changes .....	47
LIST OF TABLES .....	5	Trapping, Banding, and Back-tagging .....	48
		Supplemental Feeding .....	49
		Water Developments .....	51
CHAPTER		VII CONCLUSIONS .....	54
I INTRODUCTION .....	6	VIII MANAGEMENT RECOMMENDATIONS .....	56
II THE SITUATION .....	8	Establishment of Natural Cover .....	56
History .....	8	Artificial Resting Cover .....	56
Vegetation .....	8	Fencing .....	57
A Climate of Extremes .....	11	Water Developments .....	57
Associated Species .....	12	Supplemental Feeding .....	57
Scaled Quail .....	13	Placements of Developments .....	57
Study Limitations and Assets .....	14	Draw bottoms .....	58
III TREE AND SHRUB PLANTING .....	16	Windmill Sites .....	58
Forest Service Planting .....	16	Old Homestead Sites .....	58
State Plantings .....	16	Blowouts .....	58
Cooperative Plantings .....	20	Other Locations .....	58
IV OLD HOMESTEAD STUDY .....	21	Intensity of Habitat Development .....	59
History .....	21	Human Aspects of Habitat Development .....	59
Site Selection, Development, and Study .....	21	Scaled Quail Versus Livestock Interests .....	60
Census of Study Areas .....	26	Habitat Development on Private Lands .....	60
Banding Operations .....	26	Economics of Habitat Development .....	60
Census Results for Scaled Quail .....	26	APPENDIX A .....	62
Summer Census Results .....	28	APPENDIX B .....	64
Population Changes to Pre-hunting Season .....	28	APPENDIX C .....	64
The Influence of Hunting Seasons .....	32	APPENDIX D .....	65
Winter Census Results .....	36	LITERATURE CITED .....	65
Census Results for Bobwhites .....	39		
Census Results for Pheasants .....	39		
V BRUSH SHELTER DEVELOPMENT STUDY .....	40		
Census Procedures .....	41		
Harvest .....	43		
Population Changes .....	43		
Quail - Vegetation Correlations .....	44		

## LIST OF ILLUSTRATIONS

FIGURE	SUBJECT	PAGE	FIGURE	SUBJECT	PAGE
1	Scaled quail .....	Frontispiece	9	Pond at windmill serves both quail and livestock .....	18
2	Vegetative type map, Comanche National Grasslands .....	7	10	Metal tanks at windmills may not provide water for quail, but still have development possibilities .....	19
3	Yucca—invader and cover for game birds .....	9	11	Tree cacti provide good quail cover .....	19
4	Active blowout in the Campo area .....	9	12	Vertical cross-section of guzzler .....	22
5	Annual precipitation, 1890 to 1964 .....	10	13	Collecting apron and mouth of guzzler .....	22
6	Monthly precipitation, 1960 to 1964 .....	11	14	Guzzler at development site No. 4 .....	23
7	Lesser prairie chickens .....	12	15	Brush shelter at old homestead .....	25
8	Old farm machinery and post pile provide cover .....	14			

## LIST OF ILLUSTRATIONS

(Continued)

FIGURE	SUBJECT	PAGE	FIGURE	SUBJECT	PAGE
16	Old homestead site used as control .....	25	26	Seasonal fluctuations in scaled quail populations, old homesteads, 1961 to 1964 .....	37
17	Trained hunting dog used in census work .....	27	27	Seasonal fluctuations in bobwhite populations, old homesteads, 1961 to 1964 .....	37
18	Small traps used to capture quail for banding .....	28	28	Seasonal fluctuations in pheasant populations, old homesteads, 1961 to 1964 .....	38
19	Summer populations of scaled quail, old homesteads, 1961 to 1964 .....	29	29	Brush shelters are the most economical habitat improvement for scaled quail .....	43
20	Mean changes in scaled quail populations between summer and fall census periods, old homesteads, 1961 to 1964 .....	30	30	Seasonal fluctuations of scaled quail populations, brush shelter study, 1962 to 1964 .....	44
21	Fall populations of scaled quail, old homesteads, 1961 to 1964 .....	31	31	Clammy weed, a common forb on sandsage-yucca ranges .....	45
22	Hunter ready to shoot quail rising from brush shelter .....	33	32	Buffalo-bur, common forb and quail food .....	45
23	Hunters with daily bag of scaled quail .....	33	33	Feeder, guzzler, and brush shelter on a block development .....	48
24	Mean changes in scaled quail populations between early fall and winter census periods, old homesteads, 1961 to 1964 .....	35	34	Fall movements of scaled quail in the block development unit, October-December 1963 .....	49
25	Winter populations of scaled quail, old homesteads, 1960-1961 to 1964-65 .....	35	35	Camera recording equipment at mouth of guzzler .....	52

## LIST OF TABLES

TABLE	SUBJECT	PAGE	TABLE	SUBJECT	PAGE
1	Survival of trees and shrubs planted at old homesteads .....	17	9	Hunting success in the Campo Region, 1961-1964 .....	34
2	Survival of trees and shrubs planted at windmills .....	18	10	Winter populations of scaled quail, old homesteads, 1960-61 to 1964-65 .....	36
3	Survival of trees and shrubs planted at blowouts .....	20	11	Winter populations of scaled quail on brush shelter development and control areas, 1961-62 to 1964-65 .....	41
4	History of habitat manipulations at old homesteads .....	23	12	Summer populations of scaled quail on brush shelter development areas, 1962 to 1964 .....	42
5	Cover types on old homestead study areas .....	24	13	Fall populations of scaled quail on brush shelter development and control areas, 1962 to 1964 .....	42
6	Scaled quail band recovery information .....	27	14	Correlations between vegetative composition and quail abundance at brush shelters .....	46
7	Summer populations of scaled quail, old homesteads, 1961 to 1964 .....	29			
8	Fall populations of scaled quail, old homesteads, 1961 to 1964 .....	31
